

Polish Canadian Women's Federation
Branch # 8, Ottawa

Fédération des femmes canadiennes
polonaises, branche no.8, Ottawa

FEDERACJA POLEK W KANADZIE
Ogniwo Nr 8, Ottawa
2071 Cabot St., Ottawa, ON, K1H 6J7

The Polish Canadian Women's Federation is cultivating and preserving the Polish language and traditions while developing ties with Canada, showing concern for the family as a social unit based on Christian ethical and moral values; performing various charitable activities with stress on helping needy children, and cooperating with other women's organizations.

In order to get necessary funds to carry out our plans, we organize many activities. Some of these activities include social gathering, national festivals, public lectures of interest to women, participation in conferences, concerts, children's poetry reciting competitions and other cultural events.

Our membership has always been diverse and included women who were professionals with academic titles as well as those who were not able to complete their studies.

All members have formed warm relationships and worked well together since the very inception of this exceptional organization, because of the great variety of activities undertaken by the Federation, each member has always found a project to participate in.

We publish a semi-annual bulletin entitled "Informator", which helps to communicate, plan future events, and see our achievements.

Last year we organized two juried contests for children – poetry reading and literary composition. Exhibit "Polish Spirit" showcasing 60 Polish Canadians that made contribution to Province of Ontario and Concert to raise funds for Chile earthquake victims were the major undertakings in 2010.
